Pledge Against Imposter Syndrome

I (insert name) pledge that imposter syndrome will not control my mind.

I believe I am made for and destined for greatness.

I am uniquely and wonderfully made and I am qualified for the positions I apply for.

My skills are necessary and will be used to uplift and impact any organization I take my talents to.

Resilience is in my DNA so I have no other option but to bounce back and

be the best version of myself.

Pledge Against Imposter Syndrome

**I will not allow perfectionism or doubt to get
in the way of my productivity.**

I believe that I was made to win.

**Therefore, I will not allow imposter syndrome
to stop me from showing up for myself and others
in the workplace.**

**Instead of my impostrous thoughts
holding me captive**

**I will hold my impostrous thoughts captive because
they do nothing but cause me harm mentally and I
deserve better than that because**

I am brilliant!
